Measure, Appointment or Topic: SB1030

I oppose this bill, SB 1030. I see this mandate as government overreach. I have several friends who've chosen retirement centers for their final years. every one of them has been able to continue with their own doctors. Transportation is provided, under contract, by the residences. IF RESIDENTS WISH to have management offer in-house clinics, they could voluntarily and collectively request such. This is government intrusion into personal life choices. It is grievously suspect in light of the focus on the vaccines specified. Disingenuous. Please VOTE NO. Preserve individual freedoms in Oregon.

Thank you.
