Standards

Measure, Appointment or Topic: HB2548

House Bill 2548 proposes a sweeping, one-size-fits-all mandate that could force many family farms and ranches out of business. This legislation disregards the significant protections already in place for farmworkers and transfers critical decisions about staffing, wages, benefits, and training to an unelected, unaccountable, bureaucratic body. We do not need more unelected bureaucrats in Oregon, we need decisions that can be voted on by the people. This bill puts our farmers at risk for losing their businesses due to the special interests of non-elected officials. Strongly oppose.
