Dear Chairman Nosse and Members of the
House Committee on Behavioral Health and Health Care:

My name is Eileen Frances Aguon Martinez and I am a CSWA.

I am a therapist in Portland area of Oregon and have been practicing for 4 years.

I am writing this letter in support of HB2029.

Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please help stop this practice.

Insert any personal thoughts here.

Thank you for supporting this bill.

Sincerely,

Eileen Frances Aguon Martinez
