

Submitter: DeAnna Cormany

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3829

This is a dangerous bill! It's letting people off the hook and allowing them to make bad choices with the cushion of soft laws! Too many lives taken from under the influence and distracted driving. Toughen up and make people accountable. Personal experience watching the suffering families go through for others bad choices and it's not right to make things easier for the law breakers. Oregon needs to toughen up and put a stop to this instead of encouraging it.
