Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB2079

As a senior citizen I politely request that we follow suit with TN and FL in the ELIMINATION of property taxes - the payment of taxes on property already owned, paid with already taxed payroll dollars. At a minimum, seek an age to eliminate/suspend property tax payments for seniors on a fixed income. Do us all a favor and audit DOT/METRO/ESDs and find your millions of waste there and reapply those funds judiciously.
