Measure, Appointment or Topic: HB3477

I am writing in strong OPPOSITION to this bill. We have experienced anything labeled "Climate change" or "Global warming" ends up coming Oregonians more money. Oregon is becoming more and more unaffordable and causing low income and elderly to suffer the most, making middle class carry more of the burden. We all want a cleaner and brighter community, but these policies are not the way. We need to stop these money grab schemes and actually do what is right for Oregonians.
