Measure, Appointment or Topic: HB3444

To Whom it may concern,

I chose a public charter school for my children because I value an education for them where they can get quality support in the most vital years of their education. Smaller class sizes and opportunities for small group learning has proven to be so beneficial for my children, I know my kids are safe and well supported in this environment.

As a parent, I am writing in support of House Bill 3444. Charter enrollment has gone up, but funding has decreased. Our students deserve the same funding as all other students in the state of Oregon. Please vote yes on HB 3444.

Thank you.
