On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or Topic: HB3477

At a critical time for this and future generations Oregon can and must reduce carbon emissions, provide cleaner air quality and sustainable energy options, and stand as an example to other states and countries.

Please support HB 3477!

Our economy, environment and communities depend on - and will have opportunity to thrive under - your strong, visionary leadership.
