Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2735

The I.D.A program has changed my family and I's life forever. As a single mom of two who at one point was struggling to get by, I never knew if I would be able to purchase my own house. But the I.D.A program changed that for me and made my dream come true. Not only has I.D.A supported me throughout the home buying process but they have continually supported me through the ups and downs of being a first time home owner. From home repairs to answering any questions I may have. I can always count on the I.D.A program to support me in every way they can.
