I strongly oppose HB2548 and would ask you to vote No on this bill. This does not help workers or consumers and would just make farming harder and more expensive. HB2348 would force farms and ranches out of business. With all the regulations farmers have already, we don't need these farms to go out of business, as they are ones who supply our local foods. Voting No on this bill would save our farmers from unnecessary expense or having to reduce worker hours to control labor costs like they did last year. Just stop trying to control everything and everyone. Its ridiculous and is ruining Oregon. No more Taxes period.
