

House Committee On Education
Oregon State Senate
900 Court St. NE
Salem, Oregon 97301

Dear Chair Neron, Vice-Chairs Dobson and McIntire, and members of the Committee:

As a parent of an Oregon public charter school student, I am writing today in support of House Bill 3444. HB 3444 will fix a deep disparity currently happening in Oregon schools: that Oregon public charter school students are essentially funded at 48 cents on the dollar compared to district students. Public charter school students are public school students, and it's past time to fund their education fairly.

Almost every public charter school parent has a story as to why a public charter school became the right fit for their child. Many started out in traditional public schools, but couldn't receive the education they deserved, often due to learning challenges that required specialized attention beyond what a public school classroom could provide, or physical, developmental, or mental health challenges that public schools simply couldn't, or wouldn't, accommodate for.

My kindergartner has been given the opportunity to learn in an environment that supports creativity as well as the more fundamental reading and math topics. She comes home daily having loved the personalized attention and smaller class size she experiences at Portland Village School. The teachers there are engaged with the students individually and spend time with the parents ensuring a positive educational outcome. This charter school has been a great option for our family, and I'd like to see it access the funds it needs to continue flourishing and serving the community.

Unfortunately, because of Oregon's current school funding model, public charter schools are significantly underfunded. Many buildings are old and in need of upgrades, students can't access transportation services, food security programs are limited, and schools lack essential school supplies and mental health resources. By passing HB 3444, you can fix this ongoing disparity and provide fair funding for public charter school students who deeply need it.

Please vote yes on HB 3444.

Thank you,

Gideon Hawkins
