SB1030

I am opposed to SB 1030. Although it states that it does not mandate vaccinations, I believe this would allow the 'camel's nose under the tent' . It would be very easy to remove this statement. As seen by the Legislator's legislation for the past several years, they have a penchant for government overreach in the name of the "greater good". As William Pitt stated "Necessity is the always the plea of tyrants"
