On Behalf Of:

Committee: House Committee On Labor and Workplace
Standards

Measure, Appointment or
Topic: HB2548

Our farm is in the 7th generation and we have been good employers and taxpayers. This Ag Labor Board is unnecessary and damaging to our industry. There are many, many regulations already in place to protect workers. As farmers we are very aware that our workers are important people and assets to our success. To target agriculture for this kind of regulation is harassment and discrimination. Farmers are a minority. Please do not do this.
