Committee: House Committee On Commerce and Consumer Protection

Measure, Appointment or Topic: HB3167

As a music lover and part-time musician, this bill is crucial for maintaining fairness and accessibility for fans and musicians alike. Without such a bill I fear we will only see further divestment from live music and the venues and employees that support it. Failure to pass this bill could be catastrophic. In an age of automation and AI, bad actors are already taking advantage of the lack of such legislation and music and music lovers and music venues and the music industry and greater society are all suffering as a result. Please pass this bill. Thank you.
