

Submitter: Shantel Schroeder

On Behalf Of:

Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB1073

In a time where health care is a growing need and options are declining, this bill can have great benefit for those in need. As someone with a family member in need of constant medical care, having the option to have a family member trained specific to their needs would be wonderful! Who better to take care of a family member, than a loved one? Our medical professionals are strained, our healthcare system is declining. Please vote YES on this bill to help the strain and assure our loved ones have more options.
