Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or Topic: HB3512

Dear Chair Lively, Vice-Chair Gamba, and Members of the Committee,

My name is David Muller, and I live in Portland. I am writing in support of HB 3512 to get toxic chemicals out of consumer products and out of the firefighting foam that's harming firefighters.

I support HB 3512 because we know how harmful these 'forever chemicals' are, especially to children. This is common sense, and obvious action to take. Please don't let us down.

Thank you in advance for your support of HB 3512.

Sincerely,  
David
