Measure, Appointment or Topic: HB2548

I am writing to oppose HB 2548. This is a slap in the face to all our Oregon farmers and ranchers. Oregon already is one of the most heavily regulated states in the nation. Agriculture is such a vital industry to the world, why is Oregon trying to make it almost impossible to continue to raise a crop? The last thing Oregon Ag needs is more regulation. A work force board that does not relate to agriculture will put many farmers out of business. The agriculture business has done just fine so far so please leave it alone!! We all know once the government gets involved things go downhill in a hurry. No on HB 2548.
