

Submitter: Commissioner David Loveall

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee  
On Public Safety

Measure, Appointment or Topic: HB5004

In Lane County, grant-in-aid funding is required to operate our community corrections system. Fully funding the cost study will enable greater investment to keep communities safe, hold offenders accountable, and provide mental health, drug treatment, and other valuable services.

As we face budget shortfalls like every other county, even a 2% reduction ask from our Public Safety Department will result in the loss of 84 jail beds. The state must fund their portion.

Warmly,  
Commissioner David Loveall  
Lane County District 2
