Measure, Appointment or Topic: SB141

?It absolutely shocks me that we have Oregon Senators that think its fine to keep pornographic books in school libraries. Because that's exactly what this comes down to. To those of you who support this bill, SHAME ON YOU.

This bill will legalize porn in school literature that is otherwise illegal. It is child abuse and degrades the minds of our children. Studies show that pornography is the most addictive substance, even worse than cocaine. That's because it is never satisfied, and always wants to go to the next level until it reaches rape and murder. The younger the exposure, the higher the risk. Why are you endangering our children with these kinds of bills?

Do not pass this out of committee.
