On Behalf Of:

Committee: House Committee On Labor and Workplace  
Standards

Measure, Appointment or Topic: HB3789

This Bill is hurts Public School teachers in that they deserve to hear what helps and what hurts them as educators. Training and understanding and knowing all the information that pertains to their profession is something they deserve to have access to. By keeping important information on how to build a better carrier is vital to every educator. We cannot allow Teachers Unions to decide what is best for the individual educator.
