I have worked in public education as a licensed employee for 17 years.

I have never experienced or even heard of anyone impersonating a Union representative.

I have frequently experienced overt coercion, discrimination, exclusion, and a hostile work environment from my local Union and the Oregon Education Association because of the inappropriate exclusive representation "laws" that allow for this illegal discrimination.

This entire bill wreaks of the typical dishonestly pushed people who want to make public sector jobs even more hostile and discriminatory toward employees who are patriotic Americans that lean more conservative in their views.

The workplace should not be places where only people with certain political views are welcomed and treated fairly.

The state of Orgeon should also be a welcoming place where all people are welcome and encouraged to reside, regardless of their political perspectives.

Thank you.
