

Submitter: MICHAEL MESMER

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: HB2029

Dear Chairman Nosse and Members of the  
House Committee on Behavioral Health and Health Care:

My name is Michael Mesmer, MA and I am a licensed Marriage & Family Therapist (Lic. OR T1346). I practice in Ashland, Oregon and have been licensed since 2000, first in California and in Oregon since 2017.

I am writing this letter in support of HB2029. Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please help stop this practice. There are other ways to insure the quality of medical services, including those of our mental health profession, than burdening our service providers.

Thank you for supporting this bill.

Sincerely,

Michael Mesmer, MA, MFT
