

Submitter: Laura Iwanaga
On Behalf Of: Third Act Oregon
Committee: House Committee On Climate, Energy, and
Environment
Measure, Appointment or Topic: HB3477

We must set goals or we can't measure our success. These suggested targets are in line with international standards and the U.S. National Climate Assessment. Our current targets were set in 2007 and are very out of date.

Climate change is harming us already. Wildfires are devastating our wild places at an alarming rate.

By reducing fossil fuel dependency we help reduce regular air pollution.

Creating our own renewable energy reduces our dependency on fossil fuel plants in other states.

Thank you for your consideration.

Laura Iwanaga
Third Act Oregon
