

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SB 216
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB216

I OPPOSE [SB 215], [SB 216], [SB 635]. Co-generation Plants using Natural gas is the answer.

Nuclear power is not the panacea for energy relief and or for Oregon's future.

[SB 215] and [SB 216] are too damn stupid to justify cordial discussion and or debate.

As a result of [SB 215] and [SB 216] being summarily rejected as sane, it follows any taxpayer monies allocated to Oregon State University to fund 'Nuclear energy' related issues is moot.

Mr. Oregon Concurs and says, "Screw Solar and Wind power too."
