To Whom It May Concern:

Regarding HB 2548

My name is John Nunamaker and I grow hazelnuts.

PLEASE oppose HB 2548

Most Oregon farmers are already paying over \$20/hour and we have an excellent OSHA that protects farm workers. Why impose on Oregon farmers a bureaucratic program that increases costs for farmers.

I am strongly opposed to HB 2548 that eliminates at-will employment for farmers.

I urge you to vote NO on HB 2548 to protect Oregon producers and the jobs we are currently able to provide.
