

Submitter: Kathryn Smith

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: HB2029

Dear Chairman Nosse and Members of the
House Committee on Behavioral Health and Health Care:

My name is Kathryn D Smith and I'm a Licensed Clinical Social Worker.

I am a therapist in Ashland Oregon and have been practicing for 10 years.

I am writing this letter in support of HB2029.

Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please help stop this practice.

My supporting this bill you are supporting mental health providers and by supporting mental health providers you are supporting the humans we serve on a daily basis.

Thank you for supporting this bill.

Sincerely,
Kathryn D Smith
