

Submitter: Matt Silvasi

On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or
Topic: HB2029

Dear Chairman Nosse and Members of the
House Committee on Behavioral Health and Health Care:

My name is Matt Silvasi and I am a registered counseling associate. I am writing this
letter in support of HB2029.

The way insurance audits are currently done is abusive and unfair and limit access to
care to the people of Oregon. HB2029 will help with audit transparency and rights for
providers which are highly needed.

Thank you for supporting this bill.

Sincerely,
Matt Silvasi
