

Dear Chair Kropf and Members of the Committee,

I submitted written testimony earlier in opposition to HB3604 based on the original writing of the bill. The amended bill (HB3604-1) includes a number of changes that are sufficient to alleviate my concerns. I sincerely appreciate the attention given by the crafters of the bill to ensure that it will work for all Oregon municipalities. I am now able to give my full support for this important legislation!

Thank you for your (additional) time,

Gail Schroder DVM
