My story is way too long for me to type out. I am a (Black) African-American woman and my 2 kids are half Mexican and the three of us are willing to advocate with this bill, we are wiling to stand by this bill. We do not want to see any other family or families suffer with having a parent removed from their home or any other family have to suffer from not having food and or resources to help them out due to a " immigrant status" we are all HUMANS.
