

Submitter: Julian Morris
On Behalf Of: Self
Committee: House Committee On Behavioral Health and Health
Care
Measure, Appointment or Topic: HB2029

My name is Julian Morris and I am a Registered Counseling Associate. I am a therapist in Portland, Oregon and have been practicing for 3 years. I am writing this letter in support of HB2029. Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please help stop this practice. I run my own practice and Insurance audits can make small businesses like mine extremely vulnerable. This in turn interrupts important mental health services to people in the Portland Community.
