Bureaucracy breeds corruption. There is not one thing that Oregon has bureaucratically taken over that it has improved in any way.

Imposing these regulations, only ensures that China, Mexico, and other foreign countries are more competitive in food prices than our own farmers. This bill will support foreign imports and will kill Oregon's ability to produce its own food in an affordable way. I oppose this I will pose this whole heartedly to the end of my breath, and if you keep passing these things than myself, and all of the other farmers will leave. It's a terrible bill written by people who have never been face-to-face with a cow or even pulled a weed in their lives.
