

Dear Chairman Nosse and Members of the
House Committee on Behavioral Health and Health Care:

My name is Somen Maiti, LPC.

I am a therapist in Oregon and have been practicing for three years. I specialize in treating mental health disorders in minority populations (i.e.: BIPOC, LGBTQ+). I am writing this letter in support of HB2029.

Insurance audits are excessive and are an abuse of power, and they limit access to mental health care.

Thank you for supporting this bill.

Sincerely,

Somen Maiti, LPC
Mental Health Counselor
