I have seen firsthand the effects of having foodbanks from the Oregon Food Bank while working in Portland Public Schools. Families with young children were fed and given necessary resources thanks to these critical programs. I shudder to think what would happen to these families and children had they not had access to these programs. Every person deserves to be fed with healthy and nutritional meals. Having these social safety nets results in a better environment for us all. Kids are more ready to learn and families could make sure they had access to the critical help they needed.
