Dear Chairman Nosse and Members of the
House Committee on Behavioral Health and Health Care:

My name is Holly A. MacGowan and I am a LMFT Somatic/EMDR/IFS Therapist.

I am a therapist in Ashland, Oregon and have been practicing for 38 years.

I am writing this letter in support of HB2029.

Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please
help stop this practice.

Increasingly more time spent on administrative tasks not with people is not productive.

Thank you for supporting this bill.

Sincerely,

Holly A. MacGowan LMFT
