Rosemont Oxford House

6730 n kerby ave Portland Oregon 97217

I am writing this letter to inform you that I am opposed to bill - HB 2239 , The model of Oxford house as a whole had helped me tremendously in my recovery , it's a model that truly works , we hold hold each other accountable. We are a United family in recovery. The Democratic model helps each and every person in the house work out any issues that they might have making it a really wonderful place to live, full of peace and love and if it wasn't for Oxford house, I would not be where I am today, on a solid foundation , with permanent housing , I am six years clean , being a role model to those newcomers that come into Oxford house and stepping up and being part of chapter has been a major part of my recovery. Oxford house is giving me the opportunity to step up and show others how to live a life of recovery and abstinence from drugs and alcohol, there's nothing like living in a strong Oxford house and it really works !!
