Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB1061

Good afternoon!

I am Monique Bochsler, and I am writing to express my support for SB 1061. This legislation creates a valuable opportunity by introducing a local training and certification program that enables small-scale producers to grade their own lumber. This initiative simplifies the process of selling lumber locally and utilizing it in construction projects. Additionally, the bill establishes a framework through the Department of Consumer and Business Services, ensuring that builders and property owners can trust the quality of lumber milled in Oregon.

I urge a yes vote
