I am a member of Oxford House J.NOONAN in Springfield Oregon.

I am opposed to bill HB 2239.

The certification process and standards of Oxford House Incorporated should be held on equal footing as the NARR certification.

I fully support the Oxford House model and have been a member for over 7 months now . The way we live and the way we are reprogrammed living in Oxford House is something i have never experienced. My life has changed in so many positive ways that only living in Oxford House could have done for myself. I have tried many programs and not been this successful, happy, or at peace with my life starting over and getting life right again. I am truly grateful for Oxford House incorporated and hope it will be held on equal terms as the NARR certification.

Thank you,
Christopher Herrera
