

Submitter: Kim Bernard

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3786

As a marine scientist, I am acutely aware of the importance of our ocean for Oregon's economy and cultural well-being, now and into the future. I strongly support this bill that would allow world-class, cutting-edge research to be conducted on Oregon's coast to ensure prosperity for the people of this state for years to come.
