These types of laws are just an extension of fascism and red blood that's spreading across this country and in Gaza. Oregon law makers need to get it together before trying to limit people's right and be fear mongers. The true terror is supporting wars and genocides. This Bill is useless and a waste my tax money. Do something better. Dismantle wealth disparities. Pay reparations, in other words stop the terror instead of playing with the legal terms to act like we're protecting people. This Bill is not what Oregon needs. We deserve better leaders who do something rather than play complicit to Musk and Trump's terrorism.
