

Submitter:

Sidonie Surkis

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1174

Nutritionist should be able to become fully licensed; their work in protecting our health is vital. There needs to be a standard that they are held to, and a licensing board to both protect nutritionists AND patients, enabling patients to have high standards of care and for nutritionists to be paid for their expertise. They also need to be able to bill insurance - thus helping more people be able to access their services. Thank you.
