Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB3453

Dear Co-chairs Gorsek and McLain and members of the Joint Committee on Transportation. My name is Judith Fisher and I live in Halfway, OR. I support Home Bill 3453 because expanding passenger rail services is essential in our fight against climate change. In addition, improved passenger rail services will offer greater access to jobs, education, and health care, especially for individuals without access to a car (nearly a third of Oregonians can't drive due to age, disability or cost). This promotes social equity by ensuring that all community members have dependable transportation options. I strongly urge your YES vote for House Bill 3453.

Thank you, Judith Fisher
