

Submitter: Tina Castanares MD  
On Behalf Of: myself  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB2851

Please make sure this does not become law. We are already living in a time of inappropriate, cavalier, casual and damaging use of the term "terrorism" and laws are already adequate to investigate and prosecute true terrorism, without a legal expansion creating fear in people like you or me simply about communicating our ideas or political views with one another.
