HB3075

This and 114 in its entirety is a infringement on my 2nd ammendment rights. My permit to purchase is the 2nd ammendment. The biggest issue i have is you will still have people getting guns illegally permit or not. Bad guys don't follow the rules. 114 will make many law abiding gun owning citizens of Oregon felons. The people writing these shit bills know absolutely nothing about guns and it's all knee jerk bullshit.
