Measure, Appointment or Topic: HB2735

I support this bill to strengthen the impact of the IDA program by keeping the program available to as many Oregonians as possible. This program provides skills to help people achieve their goals for education, home ownership and businesses. This initiative fosters responsible actions on the part of participants with an educational foundation to make them successful. I could not be more proud of contributing to this program over the years.

Thank you for funding this program to assist our neighbors around the state.
