

Submitter: Andrew Simrin

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB360

Chair Sollman, vice chair Smith, and members of the committee,

The method, mechanism, or energy used for dispersal of regulated pesticides does not absolve the duty of care by who is handling or dispersing these dangerous chemicals. The handler should remain licensed, regardless.

I oppose SB360, and I urge you to do the same.

Thank you.
