

Submitter: Gregory Day
On Behalf Of: Self
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3075

The potential threats that Oregonians face, in regards to self-defense, are the exact same potential threats that Oregon Law Enforcement Officers face, which is armed criminals willing to do violence. While the probability of Law Enforcement Officers being being faced with that threat is perhaps higher, the severity of the potential harm is exactly same. For that reason, citizens and Law Enforcement Officers should have access to the exact same tools used to protect themselves and others.
