Measure, Appointment or Topic: HB3075

HB 3075 will do nothing to reduce criminal access to firearms. I am an honorably retired Oregon law enforcement officer. I'm my nearly two decades in law enforcement I learned that no law will stop evil. Evil cannot be legislated. For example murder is against the law yet those bent on committing the act do so regardless of the law. I also learned that law abiding citizens who have the right to self defense should not have their rights stripped from them. We already have background checks in Oregon. This permit is simply more useless government overreach that will do nothing to stop criminals from obtaining and possessing the firearms they want. I respectfully request that this bill be dismissed from consideration. It clearly infringes upon the rights of law abiding citizens. Thank you.
