I adamantly oppose measure 114. It declares anyone a criminal for simply possessing magazines with more than 10 rounds. Not everyone keeps receipts for magazines they purchased before 2022. Many modern firearms have magazines with more than 10 rounds. Turning law abiding gun owners into criminals is absolutely ridiculous. This measure targets patriotic responsible citizens. It also restricts the constitutional rights of new gun owners. Oregon is not a 2nd amendment friendly state. The 2nd amendment clearly states that right shall not be infringed. This new measure CLEARLY makes it more difficult to obtain a firearm. This is a step closer to communist gun confiscation. To put it into perspective, we should suspend all drivers licenses because of drunk drivers. Stop this asinine measure from proceeding. Thank you.
