

Submitter: Frankie Ford Oades  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB2851

We must repeal this bill entirely, rather than expanding its power. We are witnessing the current presidential administration continue to increase surveillance in order to suppress our Constitutional right to free speech and right to assembly. Oregon legislature should be fighting tirelessly to counteract these actions and protect Oregonian's civil rights, instead of adding bills that violate us and are thinly veiled abuse of power. I am disgusted that this was even brought to the table and as a taxpayer I expect more of my elected officials.
