

Submitter: John Guerin

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose the bill in its entirety. We do not create any licensing schemes or restrictions on our natural rights. Not those in Oregon's Constitution. Not those listed in the Bill of Rights. All these natural rights preexist government.

Shame of you and your "public safety" justification argument. It's legal trash. We don't elect representatives to legislate any of our freedom away.
